Online Career Fairs

The easiest and most engaging way to create professional and versatile online career fairs.
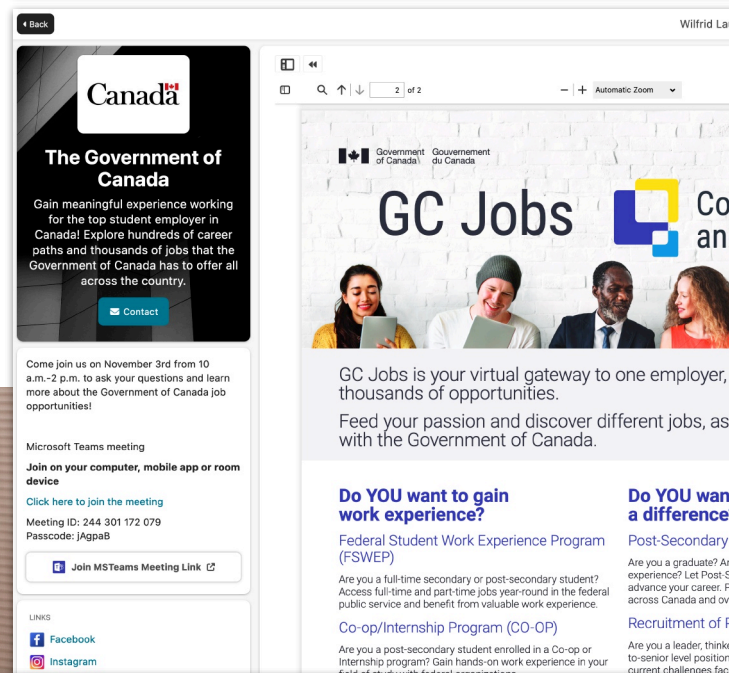

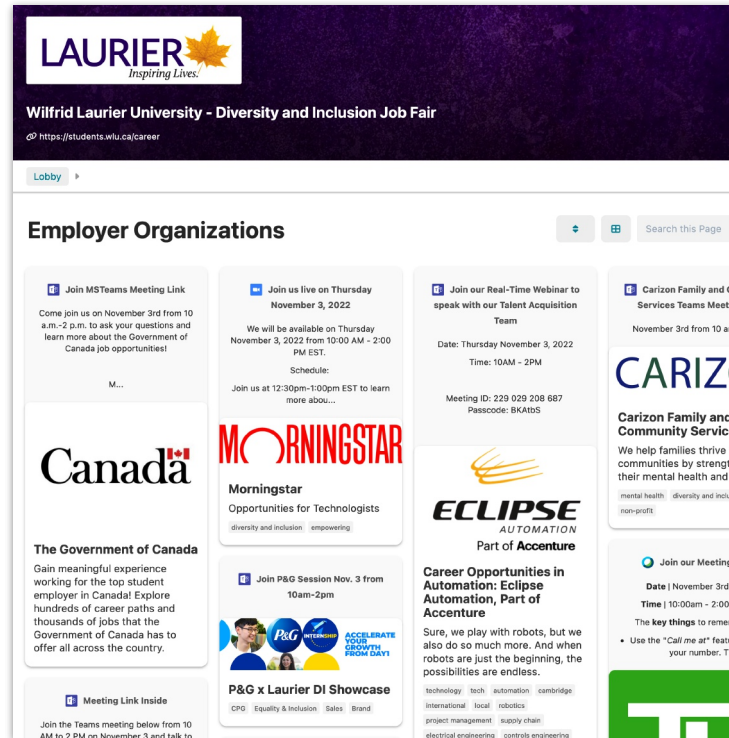

Online Experience for: **Students**

CORE FEATURES

✓ Execute world-class online career fairs without technical/coding knowledge or reliance on other departments.

✓ Provide employers secure accounts to build their own online Showcase booths.

✓ Showcase booths can include employer branding, videos, documents, images, key links, and more.

✓ So easy, you can create meaningful career fair experiences for targeted demographics (under-represented groups like BIPOC, 2SLGBTQ+, persons with disabilities, women in sciences, etc)

✓ Enable communication and networking through live video (Zoom, Teams, etc), chat, comments, email, meeting schedulers, and more.

✓ Include information sessions, Q&As, workshops, keynotes, and more.

✓ Hosting, scaling, training, and technical support included. Accessible and mobile friendly

✓ Leverage analytics to understand what matters to attendees and make key improvements

FREE AND PAID OPTIONS

✓ Get the same experience and features with both our options

✓ In our free model - employers can pay to boost their visibility in your career fair.

✓ In our paid model - event organizers pay for each employer in the career fair and control visibility.

Reverse Career Fairs (Student Showcase)

A reverse career fair flips the traditional career fair roles between employers and students. Instead of employers setting up spaces to attract students, the students set up spaces that employers can explore to learn more about them and their potential fit with their organizations.

Online Experience for: **Employers & Industry**

CORE FEATURES

✓ Showcase your students in a whole new way without technical/coding knowledge or reliance on other departments.

✓ Provide employers with easy online access to great looking student talent.

✓ Students can showcase resumes, portfolios, school work, video introductions, references, and much more.

✓ Create meaningful reverse career fairs experiences for targeted demographics (under-represented groups like BIPOC, 2SLGBTQ+, persons with disabilities, women in sciences, men in nursing, etc)

✓ Easy communication and networking through live video (Zoom, Teams, etc), chat, comments, email, meeting schedulers, and more.

✓ Include information sessions, Q&As, workshops, keynotes, and more.

✓ Hosting, scaling, training, and technical support included. Accessible and mobile friendly.

✓ Leverage analytics to understand what matters to employers and more.

AFFORDABLE AND SIMPLE PRICING

✓ Free for a 1 page per student reverse career fair

✓ Need more, get Premium for only $9.99/ student for unlimited showcasing

✓ **Premium Includes:**
(1) Customize the header image **(2)** Add up to 10 talent spaces for better talent segmentation and enable a Lobby **(3)** Customize student order and unlock additional layout options. **(4)** Additional access protections (password protection, pre-approved emails, and more) **(5)** Space to display sponsors **(6)** Priority Student Support **(7)** Welcome and set up call with Acadiate experts who guide you through best practices for your reverse career fair **(8)** Premium Badge
